I understand. I was mainly looking at the columns on the signature page as we were trying to plan out the spacing. Currently, there are eight columns (CN, APN, Site Address, Owner Name, Zone, Land Area, \$ Assessment, and % of Assessment.) Is there anything else required? i.e., Building size?

Thank you Lorena. We will review the sample petition for completeness but we cannot verify the MDP summary and cannot approve petitions for printing or release until the management plan and Engineer's report have been finalized and approved as changes to the data may occur as a result of the review process.

Please contact me if you have any questions.
